

## Coles Hobby: Motorcycles

Why it is my hobby: I have grown up around motorcycles and have been riding them since I was 2 years old, my family shares the same interest with me and that is a major reason why I enjoy them so much. I enjoy installing aftermarket parts to all of my motorcycles to truly make it mine. It is a very unsafe hobby and many people don't approve of it. I've gotten used to the criticism from my friends and they eventually start enjoying my hobby also.

What motorcycles I have: I currently have a 2018 Yamaha MT-10 and a 2018 Honda Grom, My dad's 2001 Harley Davidson Fatboy and also his 2005 Honda CRF250R dirt bike. He has passed those two down to me since he is growing older and cannot ride as much as he would like to.

My Dream Motorcycle: My dream motorcycle is a BMW S1000rr, this motorcycle is an 1000cc superbike and is the pinnacle of today's sport bike culture.
